### **Sec. 11-1-30. Removal of snow, ice and debris from sidewalks; notice and removal; nuisance.**

- (a) Every person in charge or control of any building or lot of land within the Town fronting or abutting on a paved sidewalk, whether as owner, tenant, occupant, lessee or otherwise, shall remove and clear away, or cause to be removed and cleared away, snow and ice from so much of such sidewalk as is in front or abuts on such building or lot of land, within forty-eight (48) hours after the cessation of any fall of snow, sleet or freezing rain, and shall then, as soon thereafter as weather permits, cause sidewalks to be thoroughly cleaned, including any debris thereon.
- (b) In the event snow and ice on a sidewalk has become so hard that it cannot be removed without likelihood of damage to the sidewalk, the person or entity in charge of its removal shall, within forty-eight (48) hours after the cessation of any fall of snow, sleet or freezing rain, cause enough sand or other abrasive to be put on the sidewalk to make travel thereon reasonably safe, and shall then, as soon thereafter as weather permits, cause such sidewalk to be thoroughly cleaned.

(c) As used in this Section, the term sidewalk means that portion of a street between the curb lines, or the lateral lines of a roadway, and the adjacent property lines, intended for the use of pedestrians.

(d) Notice and removal; nuisance.

(1) The existence of snow, ice and debris on sidewalks in the Town in violation of the provisions of this Section is declared to be a public nuisance.

(2) Whenever an officer charged with the duty of enforcing this Section has knowledge of conditions in violation of this Section, but no person can be found in or upon the building or lot of land fronting or abutting on the sidewalk upon which such conditions exist, such conditions constituting a nuisance may be abated with notice under the provisions of Chapter 7 of this Code at the expense of the owner or such building or lot of land.

(3) Whenever any conditions constituting a nuisance under the provisions of this Section are found in existence more than twenty-four (24) hours after delivery of such notice or notification thereof for a person or entity charged with its removal, such nuisance may be abated without notice under the provisions of nuisance abatement at the expense of the person or entity charged with removal of snow, ice and debris.
