THIS EVENT IS FREE TO ATTEND.

Only TWO more Friday Night Elizabeth Farmers’ Market events!

The last Farmers’ Market will be on September 10th. Come by and enjoy the fun with family, friends, and neighbors. From 5:00pm to 9:00 pm at 500 E. Kiowa Avenue. The Elizabeth Brewing Company is hosting this summer-long event. Each Friday, a **new band** will be performing for your enjoyment. Vendors, food trucks, as well as beer and wine will be available. Go to the Community menu on the top of our website homepage, highlight Community and scroll down to Town Events for updated information. Find us at www.townofelizabeth.org.

Do you know who is on your Public Works team?

Public Works Director – Mike DeVol
Public Works Operator III – Vince Pemberton
Water and Wastewater Specialist – Kenn Timm
Maintenance – Jody Tipton
Maintenance – Maddox Brooks
Maintenance – Jeremy Graves
Maintenance – James McErnie
We are all here to answer questions and assist the community. You can reach us from 8:00 am to 5:00 pm Monday through Friday.

Town Public Works Director – Mike Devol – 303-913-6453
Activities are still on track following the paving project schedule posted on the Town Web site. www.townofelizabeth.org

ON A FIRST NAME BASIS

Town of Elizabeth Tree Limbs and Brush Disposal

Public Works accepts tree limbs, brush, branches and full logs from trees at 303-Washington St. Public Works yard. These branches, limbs, and brush are chipped and used in town parks as needed. Chippings are available to the Public at NO CHARGE for those who wish to have them. Please call Mike Devol at 303-913-6453 to arrange a drop off time or pick up time for chippings. Logs that are received are held at our lot and available to the public for firewood on a first come first serve basis.

Help us name the new Town Event Park

The Town of Elizabeth is asking for your participation in naming the new Town Event Park!

Please submit your suggestions by September 25th. The Board of Trustees will review all submissions and select the official name for the park. Once the name is chosen, we will post it on the town's Facebook page, website and in our next newsletter.

Email your ideas to moeser@townofelizabeth.org or drop off at Town Hall, (there's a drop box in the front of the building).

We look forward to hearing from you!

North side of 86 Trail

Have you taken a stroll on the Town Trail? The trail starts or ends at Evans Park and ends or starts Gold Creek Valley. If you follow the sidewalk into Gold Creek Valley you come across another small trail. The town trail is a fantastic way to connect with your neighbors and enjoy the beauty of your town.

Gold Creek Valley Trail

The Preble's Mouse is an endangered species which held up the construction of the Town Trail. Here is a little information for you. The Preble's meadow jumping mouse is a small mammal approximately 9-inches in length with large hind feet adapted for jumping, a long bicolor tail (which accounts for 60% of its length), and a distinct dark stripe down the middle of its back, bordered on either side by gray to orange-brown fur. This largely nocturnal mouse lives primarily in heavily vegetated, shrub dominated riparian (streamside) habitats and immediately adjacent upland habitats along the foothills of southeastern Wyoming south to Colorado Springs along the eastern edge of the Front Range of Colorado. The Preble's mouse enters hibernation in September or October and doesn't emerge until May. Its diet changes seasonally and consists of insects, seeds, fungus, fruit and more. This information came from U.S Fish & Wildlife Service website.
